# Emergency & Healthcare Facilities

There are 11 **hospitals in all cities** which are included into the program of preparation for FIFA World Cup - 2018. They have been chosen on a territorial basis and taking in account their medical profiles:

- Ambulance
- Emergency medicine
- Emergency surgery
- Traumatology

In all clusters there will be **local emergency teams** (MCHS), ambulances.

MCHS teams will be responsible for the first emergency help and for evacuating patients to the hospital by air or ground ambulance.

# List of authorized hospitals

- City clinical hospital of S.P. Botkina, **Moscow**
- City ambulance station, **Saint-Petersburg**
- Republican Clinical Hospital Ministry of health  
Republic of Tatarstan, **Kazan**
- Rostov regional clinical hospital, **Rostov on Don**

rehabilitation, **Kaliningrad**
- Samara regional clinical hospital named V. D. Seredina,  
**Samara**
- The Mordovian Republican clinical hospital, **Saransk**
- City clinical emergency hospital N25, **Volgograd**
- Sverdlovsk regional clinical hospital N 1, **Ekaterinburg**

# Private Healthcare

During the FIFA World Cup 2018 the above mentioned state medical facilities will be a priority but other **private and state medical facilities will also be available** (more than 500 medical facilities).

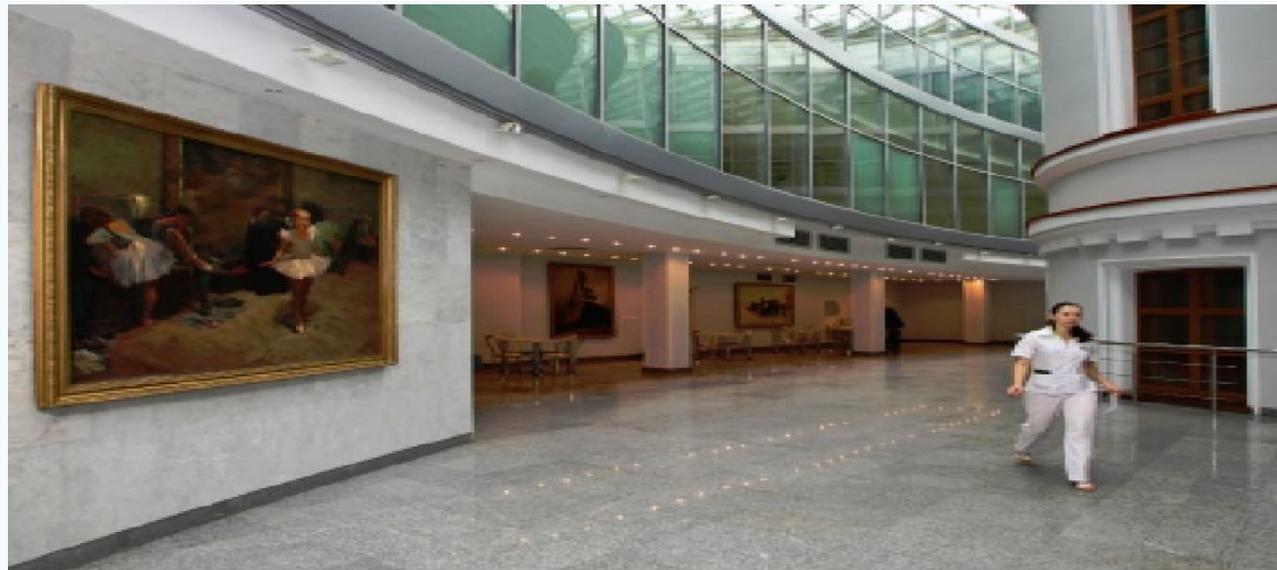

**House-calls / hotel visits will also be available in all clusters.**

If you are seriously injured or ill your first step is to seek treatment at the nearest hospital or doctor or if you have been involved in an emergency and cannot get to a hospital **call the emergency operations centre at 03.**

# State Clinical Hospital №1 im.N.I.Pirogova, Moscow

is specialized in:  
emergency medicine,  
surgery, neurology,  
cardiology, traumatology

Hospital has about **1400**  
**beds**, 93 of them are ICU,  
448 – therapy, and **36**  
**operations rooms**.

# State Clinical Hospital # 4, Sochi

is specialized in:  
cardio surgery, vascular surgery, otolaryngology, ophthalmology, therapy, neurology, traumatology.

The **main specialties** of the hospital are cardio surgery including vascular surgery and neurosurgery.

Hospital has about **700 beds**, 12 of them are ICU

# City Clinical Hospital №7, Kazan

- works 24 hours
- has emergency department, inpatient, incl. ICU, trauma center

# Medical Staffing issues

- ❖ During the FIFA World Cup 2018 in the regions will be on duty **a big MCHS team with medical helicopters and 3500 doctors** with the ground ambulances and medical units near stadiums.
- ❖ The number of doctors and nurses in the medical units in the airports will be increased.
- ❖ **Language courses** for the staff of all of the hospitals which are part of FIFA program is a must. Some of the hospitals already have doctors who speak English, French, German, Spanish.
- ❖ There will also be about **15 000 volunteers** helping the sportsmen and guests during the FIFA World Cup including medical translators.

# Evacuation & Air ambulance access

All medical facilities are fully equipped to provide wide range of medical services, but in case patient has to be transported to his home country it can be arranged promptly:

- ✓ As soon as the incident has occurred, the patient will be **attended by MCHS or duty doctor** on site.
- ✓ Then, he'll be taken by helicopter or ambulance, depending on situation , **to the hospital** responsible for this cluster.
- ✓ There he'll be provided with **all the necessary treatment**. If the evacuation is requested either by patient, his home country doctor or his insurance, he'll be stabilized and prepared for the flight in a very short term.
- ✓ Medical evacuation is possible to any international airport.

## **AP Companies**

wishes all sportsmen and guests of  
FIFA World Cup 2018 in Russia  
successful performance and joyful  
attendance with no medical  
emergencies.
